

Paint the Rez Purple!

Office Decorating Competition

Do you have what it takes to be the best Domestic Violence Awareness supporter? We think you do! What are you waiting for?? Sign up!

Decorate your office with as much purple as possible during the month of October and we will take a look at all registered persons and judge which office is the purplest, the most educational, and the most creative.

Purplification: In this category we are looking for the department that goes all out with them most purple possible!

Education: This category is all about spreading the word on prevention. Teaching both others and yourself about Domestic Violence is crucial. Wearing and decorating with purple won't hurt though!

Creativity: Imagination is the name of the game in the creativity category. Look for unique ways to display Domestic Violence information in addition to covering your department and yourselves in purple.

Judging will take place **October 27th-29th**.

The winner of each category will be announced **Thursday, October 30th** and will be awarded a special prize!

Thank you for your continued support of Nami Migizi Nangwiihgan and support of those who are affected by Domestic Violence.

If you are interested in participating, please e-mail Brooke Huber at bhuber@sagchip.org before October 26th!
