

FAN

Families Against Narcotics

COMMUNITY Meeting

Thursday, Jan. 12, 2017

5:30 p.m. | Tribal Operations Seniors Room

No corner of the Reservation or the Mid-Michigan area has been untouched by the opiate epidemic. Addiction does not discriminate against anyone in our community and if you are one of the many voices out there who are ready to make a stand, let your voice be heard and come join us.

This is an initial meeting to begin a SCIT Mid-Michigan chapter of Family Against Narcotics (FAN).

Families Against Narcotics

FAN is a community based support group for people who struggle with addictions or for families who have parents or children who struggle with addiction.

www.familiesagainstnarcotics.org

Event coordinated through the Saginaw Chippewa Tribal Court and the Healing to Wellness program with support from the Tribal Council, Tribal Police, Behavioral Health, Human Resources and Nimkee Clinic.
