

ASL Family Nights

(American Sign Language)

Wednesday, Nov. 1 | Clan Animals

- **Learn sign language for the clan animals:** bear, beaver, lynx, loon, eagle, moose, catfish, marten, turtle and wolf.
- **Kids will take home Aurasma cards to help them remember the signs.**
- **Activity:** Kids will make one of the clan animals using their hands or feet.

Wednesday, Nov. 8 | Family Members

- **Learn sign language for family members:** mom, dad, grandma, grandpa, aunt, uncle, cousin, brother, sister, son and daughter.
- **Activity:** Relay race without voice using the signs that were taught, so family members and kids can get involved.

Wednesday, Nov. 15 | Nature

- **Learn sign language for nature terms:** tree, river, lake, farm, grass, sun, clouds, rain, snow, changing colors, soil, pumpkin and wild rice.
- **Activity:** Kids will then get a card with a picture of one of the signs taught to them, and with using no voices, the kids and their parents will have to find matches. We will teach them the signs for yes and no, so they are able to sign instead of using their voices.
