Wendy Le Bouton - Adult - Metal Art

Pamela Hart

is a ceramic artist with ten years experience. She has studied with several teachers at the Midland Center for the Arts as well as attending workshops with nationally recognized experts. She teaches pottery at the Center for the Arts. Her work has been exhibited as far away as California and can be found in a number of local collections.

Wendy LeBouton

My imagination runs wild when I look into a pile of scrap. Influenced by a rural small town life and using vintage farm machinery and an assortment of salvage, birds, wildlife, children and angels, come to life. Working with a sense of humor I hope that people find joy in my creations.
