Love and Logic is a philosophy founded in 1977 by Jim Fay and Foster W. Cline, M.D. It is the approach of choice among leading educators, parents, and other professionals worldwide.

The Love and Logic Institute is dedicated to making parenting and teaching fun and rewarding, instead of stressful and chaotic.

We provide practical tools and techniques that help adults achieve respectful, healthy relationships with their children. All of our work is based on a psychologically sound parenting and teaching philosophy called Love and Logic.

All are welcome!
