

Moderna COVID-19 vaccine update

Subject to change

Nimkee has vaccinated Andahwod, Elders 70 years and older, Health Care Workers, First Responders, Police, ACFS, and Educators with collaboration from the local health department. Nimkee has only received 200 doses of the Moderna Vaccine and waiting on more to be delivered.

Nimkee Clinic is moving to Phase 1B

Phase 1B: Persons 75 years of age or older and frontline essential workers in critical infrastructure.

- ▶ **Group A:** Persons 75 years of age or older not covered in Phase 1A. This includes those in a congregate setting that were not reached in Phase 1A.
- ▶ **Group B:** Prioritized frontline workers whose work role has frequent or intense exposure, and, due to the nature of the work, are not able to maintain social distance. For example, a first responder may have to physically touch other people in their response, and a child care provider cannot maintain social distance from children when caring for their physical needs.

The specific prioritized categories are:

- Pre-Kindergarten through high school teachers, support staff and child care workers who usually have direct contact with children
- First responders not covered in Phase 1A (e.g., firefighters, police, conservation officers, inspectors)
- Corrections workers (e.g., staff in prisons, jails, juvenile justice facilities)
- Workers in homeless shelters, congregate child care institutions, and adult and child protective services

We encourage the community to call the COVID-19 Vaccine line at 989-775-4959.

Leave your information and you will be called when you meet the phase requirement. We check the hotline daily.

Other local sites

We encourage everyone to also register through other local sites that offer the vaccine.

If they contact you before Nimkee Clinic receives more doses, please go to their vaccine clinic.
