Come Out)  
May, 2015

**Art in the Sky Workshop** took place at the Ziibiwing Center the week of April 13<sup>th</sup>. The workshop was a complementary event to the **Native Skywatchers-Reach for the Art in the Sky** exhibit that is currently on display at Ziibiwing. Led by talented and professional Native artists, Brian Corbiere and Jolene Quinlan, the art work that was created is amazing.

The experience levels of the participants ranged from first time painters to well experienced/professional artists. The variety of ideas and creativity reflected in the paintings is incredible. In addition to the individual paintings there is a large group painting, as well. The workshop was both artistically and culturally informative and good fun!

The paintings created at the workshop will be on display at Ziibiwing on June 18 & 19, 2015. The **Art in the Sky Workshop** was an **Artist-in-Residence** event sponsored exclusively by **Charles Schwab & Co., Inc.** Miigwetch to our sponsor and all the participants.

The next **Reach for the Art in the Sky** event will be the **Community Cultural Teaching** at the Sanilac Petroglyphs on June 13 from 11am-3pm. Following that will be the two-day Native Skywatchers Education Workshop that will be held at Ziibiwing and presented by Native Skywatchers: Annette S. Lee, William Wilson, Jeff Tibbetts, and Carl Gawboy. This promises to be a tremendously exciting educational and artistic event. There is a fee and registration requirement for this workshop which takes place on June 18 & 19. See flyer on back page or call 989.775.4750 for info. Inquire about the special rates at the SECR for rooms reserved by participants before May 27.
