

# Honoring Our Children Initiative

The Honoring Our Children Initiative recognizes family engagement as an area of priority across tribes in Michigan. As part of ITCMI's effort to align services and support across our agency and our work in service to the Tribes, we are hoping to assist Tribal communities in their effort to improve the early childhood systems serving young tribal children 0-8 and their families by building capacity, opening communication across professions/ departments, and forging stronger collaborations through partnership with the WKKellogg Foundation, SAMHSA/Tribal Tech, Healthy Start, and several Head Start Programs.
