

**REQUEST FOR QUALIFICATIONS FOR IMPLEMENTATION OF STREAMBANK
RESTORATION PROJECT AND BIOFILTER ON AGRICULTURAL FIELD AT
INLET IMPACTING SALT RIVER, ISABELLA COUNTY, DENVER TOWNSHIP,
SECTION 20.**

Saginaw Chippewa Indian Tribe of Michigan (Tribe)

General Information and Requirements

A. Purpose

The purpose of this Request for Qualifications (RFQ) is to inform Professional Project Managers (hereinafter called "Consultants") that the Tribe is seeking bidding and construction engineering services for a streambank restoration project and biofilter application. In return, the Consultants, if interested, are requested to submit qualifications and a fee proposal relative to the expected work. After the RFQs have been received, they will be evaluated by a Review Committee, which may include an interview between the Consultant and the Review Committee.

After receipt of Qualifications, final recommendations will be made on the basis of most qualified Consultant. Recommendations for selection will be evaluated on the following criteria: recent similar experience, personnel to be assigned to this work, proven capacity to deliver the project requirements on time and on budget. Upon qualification selection, proposal cost will be evaluated to verify it is within project budget.

B. Issuing Office

The Saginaw Chippewa Indian Tribe of Michigan Planning Department, 7070 East Broadway Road, Mt. Pleasant, Michigan 48858. All enquiries related to this RFQ should be direct to Carey Pauquette, Environmental Manager, cpauquette@sagchip.org.

C. Scope of Services

The Saginaw Chippewa Indian Tribe is seeking Qualifications for bidding and construction engineering services for the implementation of a project which was previously provided through a local engineering professional. The project consists of streambank restoration and a two acre BioFilter implementation project in an agricultural field located in Isabella County, Denver Township, Section 20, SE1/4, near the corner of Beal City Road and North Shepherd Road. The area will be utilized to act as a wetland restoration to best retain and filter runoff water during storm events and spring snow melt, thus reducing sheet erosion. The field has been tilled within the past five years; the tiles need to be left with current connections, and untouched. The Consultant will need to work directly with the landowner to ensure appropriate land use and awareness of crop production on the Biofilter installation

The Salt River, south of Beal City Road, has eroding streambanks. Qualifications shall also be included for this portion of the project demonstrating the consultant is capable of completing the bidding and construction engineering services necessary for the implementation of the streambank stabilization practices.

- The Consultant will be responsible for the following: Assist the Tribe with advertising for and obtaining bids for the project utilizing the construction documents (plans) completed by others.
- Provide periodic construction observation at intervals necessary to verify the project was implemented per the construction documents.
- Complete the necessary Soil Erosion and Sedimentation Control reporting as required by Isabella County for fee land application.
- Monitor the Contractor's activities to ensure all permit requirements are followed.
- Timely reporting of project implementation to Tribal staff.
- Review and process all pay applications and change orders for the successful completion of the project.

All work to be completed by September 15, 2017 with consideration of landowner production requirements on agricultural field.

Design plans for implementation are available for review by Consultants at the SCIT Planning Department during regular business hours, Monday – Friday, 8 a.m. – 5 p.m.

D. Agreement

The Consultant selected to provide the above referenced services would be expected to enter a Saginaw Chippewa Indian Tribe of Michigan standard contract. The Consultant must recognize the sovereignty of the Saginaw Chippewa Indian Tribe of Michigan, the

laws of the Saginaw Chippewa Indian Tribe of Michigan, and the dispute resolution process that will govern this contract.

E. Insurance

The Consultant will be required to adhere to the insurance requirements and indemnification language as stated in the contract.

F. Rejection of Qualifications and Fee Proposal

The Saginaw Chippewa Indian Tribe of Michigan reserves the right to reject any and all of the responses received as a result of this RFQ. The Saginaw Chippewa Indian Tribe of Michigan does not intend to pay for the information solicited or obtained in the qualifications. In addition, the Saginaw Chippewa Indian Tribe of Michigan reserves the right to reject any and all Qualifications and Fee Proposal Packages on the basis of potential conflict of interest.

G. Incurred Cost

The Saginaw Chippewa Indian Tribe of Michigan will not be liable for any cost incurred by the Consultant for any work performed through and including the execution of a contract for professional services.

H. Addenda to the RFQ

In the event it becomes necessary to revise any part of this RFQ, a copy of all addenda will be mailed to the Consultants.

I. Completeness of the Qualifications and Fee Proposals

1. The Qualifications and Fee Proposal submitted by the Consultant shall address all items completely and thoroughly, in accordance with the format provided in Part II, and shall be signed by an officer of the firm or the team authorized to bind the Consultant to its provisions.
2. The Qualifications and Fee Proposal shall not be distributed by anyone other than the Issuing Office for this RFQ.
3. The contents of the Qualifications and Fee Proposal shall remain firm for sixty (60) calendar days from the submittal due date.
4.
