

ANISHINABE GAMES DAY

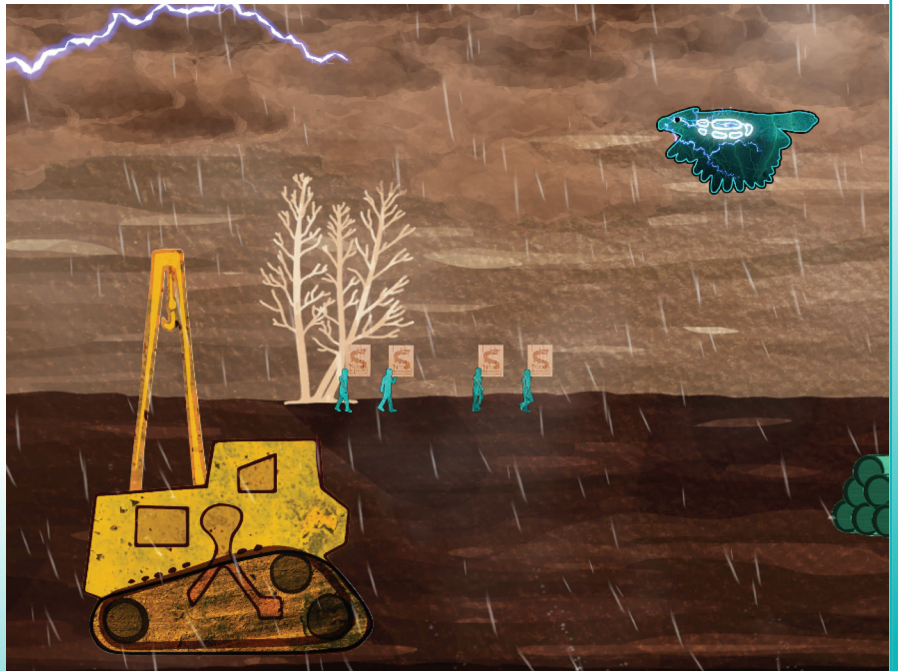

SATURDAY, JANUARY 20, 2018 • 1pm-5pm

Prizes for all competitions • Free & Open to the Public

THUNDERBIRD STRIKE TOURNAMENT

Elizabeth LaPensée, PhD, is an award-winning designer, writer, artist, researcher and Assistant Professor of Media & Information and Writing, Rhetoric & American Culture at Michigan State University.

Elizabeth LaPensée

Dr. LaPensée will be here to introduce her groundbreaking game - Thunderbird Strike

In this 2D video game the player flies above pipelines and construction sites as a thunderbird, while shooting lightning bolts at oil company machinery and the oil pipeline - the black snake that threatens Mother Earth and her precious life waters.

This game raises awareness about the oil industry and advocates for the removal of the Enbridge Line 5 pipeline in the Great Lakes.

The game is free and available on line at www.thunderbirdstrike.com/about

Practice now for the tournament!
