

Nimkee

Memorial Wellness Center

We understand that the large increase in positive test results creates more uneasiness in the community. But, please keep in mind that the increase in results is also due to the increased availability of testing. We continue to urge the community to stay at home, only leaving for essential needs, continue to practice hand washing, social distancing, cover coughs and sneezes and clean surfaces regularly.

The image below illustrates how taking steps as a community to slow the spread will benefit the healthcare system as a whole.
