September is here and the excitement is rampant! Hopefully you're as enthused as we are about the expanded gaming floor, as well as the new Hotel, Restaurant, Lounge, and gift shop. I promised last month that I would feature some of the new themes that will be playable in the new sections, so without further ado, please read on for details!

Guests can zap their way to big wins with Everi's **Lightning Zap** game themes: **Electric Rush**, **Power Burst**, and **Super Charge**. Located in the expanded gaming floor at 6-2, this new family of games may just be the most unique concept we have on our floor... There are no lines or reels whatsoever. Instead, the screen shows all the prizes eligible, at all times. Designed to be simple, guests just have to hit the play button and rather than spin, as traditional slots play, this one "zap"s the credit amounts on the screen to award prizes. Extremely fast-betting, with a player-selectable denomination, and a max bet of 200 credits, the game features the *Chain Zap* and *Super Zap* awards: *Chain Zap* zaps one prize that then zaps up to 9 additional credit prizes; and *Super Zap* randomly multiplies all the prizes from 2x to 7x, and of those, 3 to 10 of them can be zapped and awarded to the player. It's magnetic, eye-catching, space-aged, and will (hopefully) attract guests from across the floor.

Also sure to attract guests from across the floor is **Clinko™: Winning Wall™**! Manufactured by Incredible Technologies, and located at 6-3, guests can step right up and try their luck on the game show-themed **Clinko™: Winning Wall™** slot game! IT Gaming's newest innovation combines the luck of a slot machine with the fun of a pachinko game. The Clinko™ feature occurs randomly when the Winning Wall host appears to showcase the *Clinko™ ball feature*! The ball bounces from peg to peg - each displaying different awards - as it falls from the top of the Infinity V55®'s huge screen all the way down to the 30-line reel set. Whichever feature the ball bumps is awarded! Players can win added wilds, symbol upgrades, or a line win multiplier!

Free spins are awarded when two *free spins* scatters land on the reels. During the free spin event, TWO Clinko balls are released before every spin, meaning two added awards each spin! Multipliers, symbol upgrades, and added wilds pegs are still available to win with the exciting addition of progressive pegs on the Clinko board! Accumulate one "MINOR" peg to win the minor progressive, two "MAJOR" pegs to win the major progressive, or three "GRAND" pegs to win the grand progressive. *The Clinko™ feature* is a frequent and exciting bonus, sure to attract an audience to cheer players on!

The final new games featured this month are Aruze's **Wheel of Prosperity** game series at 8-1. Its two inaugural themes **Wheel of Prosperity Dragon** and **Wheel of Prosperity Phoenix** are both centered around a giant central bonus wheel that figures in two separate bonus events, as well as the progressive jackpot round, with a top prize resetting at $10,000.
The base game is a five-reel, 243-ways-to-win penny video slot. During any bought game, three wheel symbols on the middle reels trigger the Bonus Wheel. The wheel contains multipliers of 2X, 3X, 4X, 5X, 7X,

SLOTS JOTS CONTINUED

8X, 10X and 18X; and a "Free Games" space. If the spins land on a multiplier, any win from the triggering spin is multiplied by that number. The Free Games space triggers a second "Free Games Wheel." The Wheel spins to award 6, 7, 8, 10, 12, 15, 20 or 25 free games. During the free games, if three wheel symbols appear on the middle reels, the Free Games Wheel is retriggered for additional spins.

Randomly, when one or more wheel symbols appear on the second, third and fourth reels, a third wheel, the Jackpot Wheel, is triggered. The wheel spins to award the Mini jackpot ($10 reset), the Minor ($25), Major ($800) or Grand ($10,000-plus) prize.

Besides these new machines, there are some games and machine moves of note that I think you may be interested in… Primarily, Blackjack at 3-25 and 3-26 will be down for approximately 2 weeks for conversion starting the 9th of this month. We will be doing away with Interblock **Blackjack**, and instead installing **Table Master Fusion Blackjack** by Bally, which is owned by Scientific Games.

Also of note, some guests have asked about some of the classic, throwback themes. Well, we have them! New and improved, but with the same classic game play, are **White Orchid** and **Stinking Rich** at 6-6; **Blazing 7s Scatter**, **Diamond Line Blazing 7s**, and **In the Money**, all at 8-14.

And finally, if guests ask you where the **Dragon Spin** from 2-6 disappeared to, you can tell them that it's located in the new section, at 8-16.

Before I close, I hope you all have a safe, healthy, and happy Labor Day. Thank you for all you do, every day. None of this would be possible without all of you.

Until next time…

Just a quick note to share my sincere appreciation to the entire staff for putting in the extra efforts each day to make our "soft opening" date a reality!

I know there have been many sacrifices made by several people who have contributed to the success of our operation and I would be at a loss if I were to try and name everyone.

My thanks to everyone, you should be proud of your accomplishment!

I look forward to our "official Grand Opening" and Ribbon Cutting on Friday, September 6th.

Recycler Room

We would like to give a friendly reminder that with the opening of the expansion comes the addition of numerous new employees. The hotel, restaurant, and lounge staff will all be utilizing the existing 2 recyclers that are currently located near the MB. We would appreciate it if everyone continued to show the same positivity and patience they have had with learning the recyclers with all the new employees in the same situation. Here are a few helpful hints to streamline the process and hopefully avoid congestion in the recycler room:

1. After the recycler dispenses all funds needed, take all loose cash and coin tray to the side table to put into your pouch/bag.
2. Remember to replace the coin tray for the next person.
3. Remember to grab your receipt slips before walking away from the recycler. This will prevent forgetting them altogether or from someone else mistaking them for their own.
4. You do not NEED to use the same recycler through your entire shift. It is only a suggestion to help keep the funds inside both at a similar level and to help replenish the cash levels.
5. Slots may open their shift in CCT at any point during their day (with the exceptions of roll shift and when the MB is closed for shift change).
6. Slots may also use the jackpot booths to open their shifts in CCT.
7. Lastly, we all like to socialize, but to help avoid congestion and decrease the noise level please wait to do so until the time and place are appropriate.

Thank you!!!

Employee of the Month!

Alex has been with our department for almost 2 years now and continues to show growth and interest within his job position. He always comes into work with a positive attitude and easily gets along with everyone he works with. With the new addition of the recyclers to our department, Alex adapted with ease to keeping them full and never hesitates to ask questions about any upcoming changes. Alex is great about keeping on top of his daily tasks and his overall hard work doesn't go unnoticed by management or his co-workers. Keep up the excellent work Alex!!!

SOFT OPENING A SUCCESS!

On Monday, August 19th Saganing Eagles Landing Casino officially added “and Hotel” to its name. The new gaming floor was opened to the public. Guests were lined up along the walkway anxiously waiting for noon to arrive. The gate was opened to all guests at that time to allow people to finally experience the promised addition of 315 new state of the art slot machines. As the guests flowed in you could see they were captivated by all the new bells and whistles that the machines were giving off.

In what we call a “soft” opening, a select group of VIP guests were invited to try out the hotel and its amenities before we opened fully to the public on September 6th. Each day, 75-80 rooms were rented out to any of the guests that received a postcard. The response was so great that the all the rooms were completely booked up in no time and most people were not able to get a room. The hotel officially opens all rooms on September 6th and it is currently booked full until the end of the month. The response from guests has been very positive and the hotel is a complete success.

The Landing restaurant has also been open but only to the guests that were staying at the hotel. After a couple of days it was decided to open that invitation to all the people that received VIP postcards. They have been open for breakfast, lunch and dinner. This is the first full service restaurant that we have had and the patrons have been very helpful giving feedback. With the soft opening we are working on receiving comments from guests, positive and negative, and using that information to improve and to make their dining experience great. The goal is to make The Landing the restaurant that people want to come to with their families and friends, not just to visit because it’s in the casino and it’s their only option.

The Creekside Lounge has been open to the public with a limited menu. The bar has machines all around it and it keeps the bartenders hopping since it is always filled. The lounge itself has had live entertainment this past weekend which the guests told us they enjoyed and were happy that we finally had it back. If there is no band the guests can snack on appetizers with drink specials made up by our staff while they enjoy several large screen televisions located around the bar and lounge.

Overall the soft opening has been a success and helping us prepare for the Grand Opening on September 6th. Everyone did an excellent job dealing with the high patron levels, new areas, and new equipment and systems that we had to work the bugs out of. Thank you to everyone that has helped bring Saganing to this point of success.

On September 6th there will be a ribbon cutting ceremony and SELCH will be fully open to the public.

We couldn’t have made this happen without all of the awesome employees that we have working here. We still have spots open and are hiring so if you have anyone that is looking for employment please refer them to HR.

GAMING NEWS FROM ELSEWHERE

Greece– Hard Rock International, one of three remaining contenders to put a casino at the old Hellenikon International Airport near Athens, is willing to pony up $1.1 billion to move forward on its effort to put a gaming property near the Greek capital.

Hard Rock International chairman and Seminole Gaming CEO Jim Allen confirmed his company's offer at a media event in Athens earlier today. Allen's remarks were made in advance of the Greek government's Sept. 30 deadline for rendering a decision on the winning bidder for the gaming project.

In August, it was revealed the Hellenikon Airport casino venture has three bidders – Hard Rock International, Genting Malaysia, and Mohegan Gaming and Entertainment. Amid a spate of delays and bureaucratic snafus, Caesars Entertainment previously dropped out of the running for the Athens endeavor. While Genting may be back in the fray, local media reports suggest Hard Rock and Mohegan Gaming are the front runners for the Greece casino.

Mohegan Gaming is said to be partnering with a Greek conglomerate known as GEK Terna to be part of the Hellenikon Airport refurbishment, which could eventually reach a price tag of $9 billion.

Ohio– Ohio's casino regulator approved this week the proposed sale of JACK Cincinnati Casino to real estate investment trust VICI Properties, local news outlet Cincinnati CityBeats reported.

Members of the Ohio Casino Control Commission voted to issue a three-year license to VICI, allowing the company to purchase the downtown Cincinnati casino for $558 million in cash.

It was in April when news first emerged that VICI and gaming and hospitality giant Hard Rock International have agreed to purchase the property from its current owner, Detroit-based casino operator JACK Entertainment, in a $745 million deal.

As mentioned above, VICI, the REIT that spun off from Caesars Entertainment Corp. in 2017, will pay $558 million in cash for a 100% of the interest of an entity of the Cincinnati casino complex that owns the land and its real estate. Hard Rock will pay another $187 million for the operating assets of the gambling venue.

VICI and Hard Rock will then enter into a long-term leasing agreement that will initially see Hard Rock pay $42.75 million a year to lease the property for an initial 15-year term with the option for four five-year extensions.

JACK Cincinnati opened doors in 2013 and operated as Horseshoe Cincinnati until 2016 when its owner rebranded as JACK Entertainment and moved to change the property's name to JACK Cincinnati Casino. The casino complex features a 100,000-square-foot gaming floor with 1,800 slot machines and 100 table games, 33,000 square feet of meeting space and six dining outlets.

JACK Cincinnati opened doors with around 1,700 employees, but currently employs about 1,000 people. It recorded average monthly revenue of about $17 million last year.

VICI and Hard Rock said earlier this year that they expect to finalize the purchase of the downtown Cincinnati casino in late 2019. As Hard Rock will be running the casino, it will, too, need to be licensed by the Casino Control Commission. The regulator could vote on Hard Rock's bid to take over as the operator of the gambling venue as soon as its next meeting.

Once the deal closes, the property will be rebranded as Hard Rock Casino Cincinnati. Hard Rock revealed that it would add new facilities to the casino's existing offering, but is yet to provide more details about what these new additions would include.

Many motorcycle riders want to know where they park. Is it possible for Bike Area in part of the area where grass and trees will be?
We are evaluating possible areas to see if there are any areas that can be designated for motorcycles. Currently motorcycles are to park in the same parking spaces any other vehicles park.

Can we get reflective # numbers in the RV Park? For E Z to see at night shuttle pickups / drop offs.
This is a good idea, we are working at better site markers not only for shuttle drivers but also for campers. Hopefully next year we will be able to make those improvements.

Also there are no numbers on the handicapped campsites.
Numbers are here they just need to be installed. Thank you for the reminder!

Welcome aboard to our newest Saganing Employees! Be sure to welcome them when you see them.
