**By making application for a permit for temporary use of tent I, the undersigned, acknowledge the following regulations regarding the operation of the tent.**

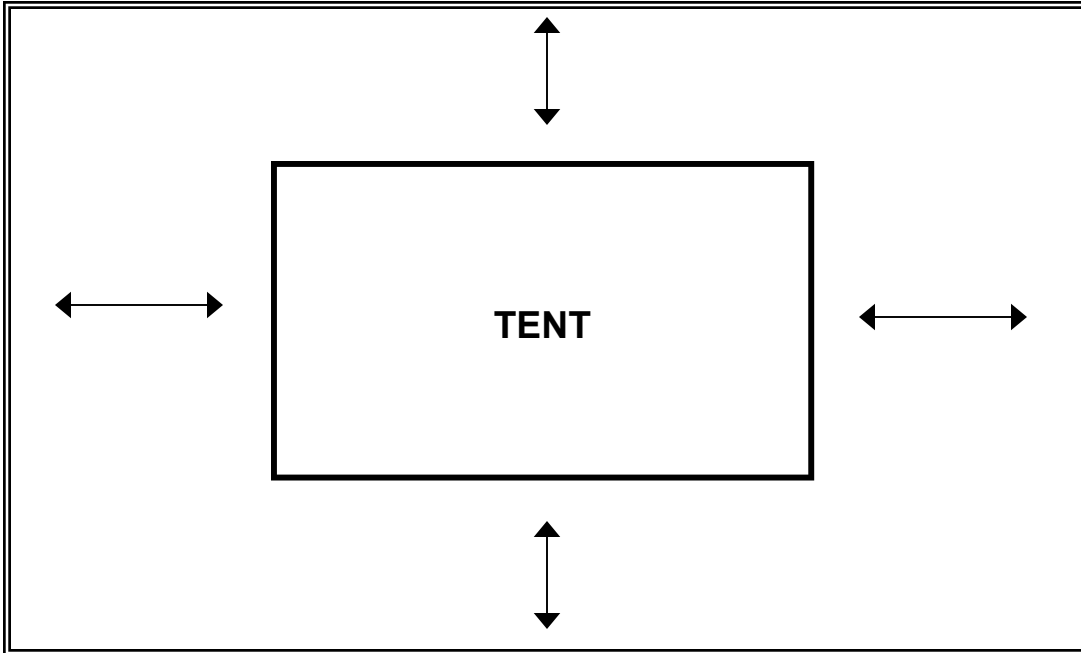

- Permit is valid for one tent or air supported structure.
- Permit is valid only for the address or location specified on the application.
- Permit is valid only for the use and activity listed on the application.
- Tents shall be adequately roped, braced and anchored to withstand the elements of weather against collapsing.
- A certificate executed by an acceptable testing laboratory certifying that the tent, decorative material and tarpaulins meet the requirements for flame resistance identified in NFPA 701.
- Aisles shall be maintained and clear at all times during occupancy.
- Exits shall be clearly marked, illuminated and remain open at all times.
- One approved 2-A type extinguisher shall be provided in every tent. One additional approved 2-A type extinguisher shall be provided for each additional 2,000 square feet.
- Smoking shall not be permitted and NO SMOKING signs shall be conspicuously posted.
- Tent permits shall be valid for the dates indicated on the permit and shall in no case be valid for more than 180 days.
- The TENT PERMIT issued by Tribal Code Compliance shall be posted at all times.
